

GREAT THAT YOU'RE VISITING MICROLAB!

PLEASE FOLLOW OUR GUIDELINES

With this handout we hope to give you the necessary information to safely use Microlab. We're doing our best to ensure that everyone can make use of Microlab in a safe and pleasant way, but we can't do this alone! Stay at home if you have any health complaints. If you do come to Microlab, we ask you to comply with the measures mentioned below.

KEEP YOUR DISTANCE
FROM OTHERS

WASH YOUR HANDS
REGULARLY

KEEP TO THE RIGHT

SNEEZE IN YOUR ELBOW

AVOID CONTACT
WITH OTHERS

FOLLOW INSTRUCTIONS
BY MICROLAB

Do you want to know which measures Microlab has already taken in the building?

P.T.O

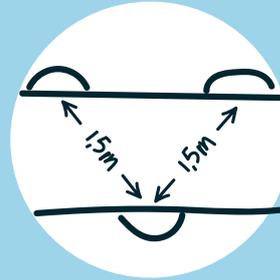

WHAT HAVE WE DONE?

VISITORS

2 PEOPLE PER LIFT

Our elevators are equipped with floor stickers to help you keep 1.5m distance, but it's even better to take the stairs! Microlab team doesn't use the elevators, with the exception of the cleaning department, to keep capacity free for visitors.

ADJUSTED MEETING ROOMS

We have adjusted our meeting rooms by removing chairs and placing aids so that 1.5m distance can be maintained. However, preferably use of the seats in common areas due to limited capacity of meeting rooms.

1 WAY RECEPTION

Please do not linger at the reception unnecessarily and keep the entrance and exit free if you have questions. If you have to wait, take a seat. Say goodbye to your visitors outside and keep the area near the elevators clear.

TAKE THE STAIRS

To avoid crowded elevators, we stimulate ourselves, our members and our visitors to take the stairs as often as possible. It's also a great way to combat those quarantine pounds ;)

DISINFECT YOUR HANDS

There is hand sanitizer on every floor. Preferably only use this when you first arrive and wash your hands regularly with soap throughout the day. Hand sanitizer is hard to come by at the moment.

CLEANING FREQUENCY

Door and elevator buttons are cleaned more frequently. We also clean the common areas more often. Feel free to thank our colleagues in the cleaning department for their efforts!

SIGNING

We have applied signing at various locations in different ways to remind you of the measures taken. We have opted for social distancing where possible to minimize the use of screens.

HANDLES

Microlab communicates in advance with the main booker about the preventative measures that apply within Microlab. It's the task of the main booker to share this information with all event visitors.

The measures above are based on information from the RIVM and various industry associations. We're helping you to the best of our abilities. Do you have any questions or ideas about how to make Microlab more corona proof? Let us know!
